

2019 International Online Dispute Resolution Forum Call for Presentations

Measures and Metrics – Boldly Going Where the Numbers Lead

October 29-30, 2019

Pre-forum workshop focused on court-specific ODR – October 28, 2019

Williamsburg, Virginia, USA

Co-Hosted by

ODR 2019 is a rare opportunity for court leaders and administrators, judges, mediators, private sector dispute resolution organizations, academics, students, technology vendors, and anyone interested in ODR to participate in an international conference focused specifically on ODR.

The NCSC and NCTDR are accepting presentation proposals for the ODR Forum through April 5, 2019. If you are a professional, academic, designer, developer, implementer, or user of ODR solutions, we would love to have you present at the ODR Forum 2019. Presentation timeslots will vary from 30-60 minutes. The conference will feature both individual presentations and panel discussions. **Presentation proposals are welcome on any topic relevant to ODR.**

Topics of particular interest include:

- Measures and metrics
- ODR in the private and public sector
- Technologies that enhance ODR including platforms and portals
- Solutions that reach non-traditional participants such as disadvantaged populations
- Ethical and social considerations

For information on presentation proposals, please visit us at odr2019.org
